

Keep it simple with short term leasing and daily rentals

Short term leasing offers greater flexibility when you need a vehicle for a short period only, with limited commitment and no fuss.

Whether you need a stand-in whilst you're waiting for a new vehicle, or something to fulfil a new starter's probationary period, don't scramble around trying to 'make do' – speak to Sandicliffe Motor Contracts about a no-nonsense, short term lease solution.

Managing a fleet can be challenging at the best of times

As employees with fleet responsibilities will understand, meeting the day-to-day demands of running a company fleet can be difficult.

And during busy periods sometimes gaps in your fleet can start to appear.

Instead of looking to your own fleet to make the best of a bad situation, why not look to a short term lease to plug the gap?

Short term leases, although only available for a short period of time, are available in all shapes and sizes. You can have a vehicle at your disposal for a few days, weeks or months—whatever you need to help you through those tougher times.

Quick turnaround

With a range of cars to choose from, you could have a short term lease vehicle ordered and delivered in no time at all.

And if speed really is of the essence, we can even look to our own pool of vehicles to offer you a solution that is already fully-prepped and ready to go.

Helping to keep it simple

Speak to a member of the team today to set the wheels in motion. It really is that easy.

SHORT TERM LEASE

Short Term Leasing with Sandicliffe Motor Contracts

Whether you are leasing a vehicle with us for 3 or 36 months, you can always expect the same level of great service.

We're proud to say our approach to contract hire and fleet management is different from most other suppliers. Our independence and meticulous approach enables us to provide a service that doesn't gloss over the details and never leaves customers feeling uncared for or undervalued.

It can be the smallest margins that can make biggest difference; here are just a few of our small but mighty ways in which we strive to be different:

- **Simple account management model** – the first person you meet to discuss your requirements will be your Account Manager throughout your time with us
- **Real sales support** – from working with you to outline your fleet policy to helping you choose the right vehicles, receive real sales support from people who know you and understand your needs
- **No hidden charges** – all our quotations are simple, easy to understand and fit for purpose with no buried costs or catches
- **Strictly no call centres** – forget being stuck on hold, speak direct to people who can help
- **No strict manufacturer affiliations** – as a true independent, we don't push certain manufacturers or models to suit us
- **Dedicated on-site Technical Services Team** – from organising your repairs and servicing to offering real-time driver support, our team is on-hand to keep your drivers mobile and happy
- **We personally check each and every vehicle** – unlike other leasing companies, all vehicles are checked on-site by our specialist team; handy when it comes to avoiding silly delivery mistakes and suspect end of contract recharges.

About Sandicliffe Motor Contracts
